Message from the Principal

I feel proud and happy to know that Bipin Chandra Memorial Library, Radhamadhab College, Silchar is going to publish jointly its fifth and sixth edition of Annual Newsletter "INFORMANIA". Library is the store house of knowledge and a library newsletter helps to showcase the activities of the library and also provide information about the services and facilities available in the library for the users. The publication of the library newsletter reflects the rich academic environment/atmosphere prevailing in the institution. The constant endeavour of the Librarian to improve the services and facilities in the library is really commendable. This newsletter will keep the users informed of the library happenings and resources available in the library.

I wish a grand success of this fabulous newsletter.

NEWSLETTER

From the Desk of the Librarian

I am happy to bring out the 5th and 6th editions of the Annual Newsletter of the library-"Informania", which reflects the activities of the library during the academic session 2018-19 and 2019-20. This time newsletter has come up jointly with two editions together because the fifth edition could not be published in time due to pandemic and lock down effects. This intends to keep the library users in touch with the library issues and services. I on behalf of the entire team of library invite you all to the library, make meaningful use of the library and of

course give us your valued suggestions so to make improvisations in the library. I feel quite sad to say that the funds and resources in a college library are very limited, which acts as a constraint to bring more developments and introduce better services in the library. The execution of OPAC, Bar-Code Technology, E-Resources, Online Memberships, Digital Library, Reprography, Internet, Smart Card, etc. are not the only steps; the library intends to develop more options for better services in the coming years. I owe my sincere gratitude to Dr. Debashish Roy, Principal of the college for his vibrant support and approval to publish this newsletter and the members of the Library Committee for their positive advisory role. The library cannot function without my staff members, Sri Galim Gangmei, Library Assistant and Smt. Supriya Roy and I owe my gratitude to them.

Last but not the least, I thankfully acknowledge the approval of the Publication Cell to publish this newsletter.

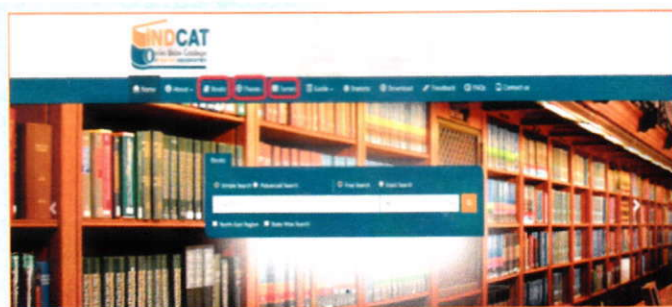

With warm regards,

(Dr. Sonali Choudhury Biswas)
